- Chronic Stress
- Anxiety
- Mood Swings
- Appetite Loss

BLACK CHERRY OG

Black Cherry OG, also known as “Black Cherry OG Kush,” is a balanced hybrid strain that combines Ken’s OG with an unknown Granddaddy Purple hybrid. Dense buds take on an intense purple hue at the end of Black Cherry OG’s maturation. The flavor of Black Cherry OG is insanely delicious, with an incredibly smooth inhale that tastes like sweet berry green tea and honey. The aroma is very spicy, with hints of sweet berries and herbs.
