

**GOOD PEOPLE.
GOOD MDIs.
GOOD DAY.**

STRAIN CLASSIFICATION

Our distillate MDI cartridges are available in the same medicinally beneficial terpene profile as our premium flower. Whether you are seeking a chill effect or an upbeat effect, there's a strain-specific MDI cartridge for you.

- NO MCT oil
- NO Vitamin Acetate
- NO fillers

METERED DOSE INHALER (MDI)

Our MDI cartridges are filled with our premium cannabis distillate oil. We carefully extract oil from the plant using the CO2 method, refine, and reintroduce this oil to strain-specific terpenes. The result is a clean, pure distillate that is true to its natural profile. MDIs are perfect for patients seeking the individuality and terpene-specific benefits of flower with the convenience of medicating on the go.

GOOD PEOPLE. GOOD CANNABIS. GOOD DAY.
